

PRATEEK GUPTA

Software Developer

+91 7987510147

prateekgehsaan@gmail.com

Ravidas Nagar Near Railwaystation , Kamptee 441002.

PROFESSIONAL SUMMARY:

Software Developer with 2+ years of comprehensive experience in full-stack Java development and enterprise application development. Proven expertise in building scalable web applications using Spring MVC, Hibernate, and RESTful APIs. Demonstrated ability to deliver high-quality solutions for complex business problems including HRMS and CRM systems. Currently expanding skill set to include modern frameworks like React and Django for full-stack development.

TECHNICAL SKILLS:

- Programming Languages:** Java (Core & Advanced), SQL, JavaScript, jQuery, HTML, CSS, Bootstrap.
- Frameworks & Technologies:** Spring MVC, Spring Boot, Spring Security, Hibernate, JPA ORM, REST APIs, JSP, Servlets, JSTL.
- Web Technologies:** AJAX, Bootstrap, Responsive Design, DOM Manipulation.
- Databases:** Oracle Database, MySQL, PostgreSQL.
- Tools & Platforms:** Git, GitHub, SVN, Version Control, Maven, Eclipse IDE, STS, Postman, DBeaver, PL/SQL Procedures.
- Methodologies:** Object-Oriented Programming, MVC Architecture, RESTful Design.
- Currently Learning:** Python, Django Framework, React.js, Material-UI, Tailwind CSS.

PROFESSIONAL EXPERIENCE:

- Software Developer | 02 May 2024 – Present** **Virtual Galaxy Infotech Limited ,Nagpur, Maharashtra.**
- Developed and maintained multiple enterprise applications (HRMS, CRM Help Desk, MLWB) using Spring MVC, JSP, JavaScript (AJAX), HTML5, and CSS3. Worked with Oracle and PostgreSQL databases, invoked pre-configured Jasper Report functions for MIS dashboards, and collaborated with database developers to define PL/SQL stored procedure requirements for backend business logic automation.
 - Designed responsive UI components with file attachment and multi-object submission capabilities for streamlined workflow automation. Troubleshoot production issues through systematic debugging, improving application performance by 25% through optimization and maintaining system stability across multiple projects.
- Full-Stack Java Intern | Nov. 2023 – Apr. 2024** **Rent-Mart IT Services Pvt. Ltd.**
- Gained hands-on experience in Spring MVC, Hibernate, JSP, JSTL, and MySQL while contributing to backend and frontend development for an online course platform. Developed course dashboard features including user interface components and backend API integration, collaborated with the development team using GitHub for version control and code reviews, and implemented performance optimization techniques to improve page load times and overall system responsiveness.
- Field Executive | Jun. 2021 – Apr. 2023** **Blue Dart Express Ltd., Raigarh, Chhattisgarh.**
- Managed logistics operations including document handling and package management while leading training initiatives for new hires and resolving customer escalations with 95% satisfaction rate through effective problem-solving and communication skills.

RELEVANT PROJECTS:

- Human Resource Management System (HRMS) – Virtual Galaxy Infotech Pvt. Ltd.** **May 2024 – Mar. 2025**
- Contributed to design and development of comprehensive HRMS to streamline employee management, payroll processing, attendance tracking, and recruitment workflows. Managed request handling through Spring MVC controllers and directly invoked PL/SQL procedures for efficient backend operations and business logic automation.
- Technologies:** Java, Spring MVC, JSP, JavaScript, Oracle Database, PL/SQL stored procedures.
- Help Desk System (CRM) – Virtual Galaxy Infotech Pvt. Ltd.** **Sep. 2024 – Apr. 2025**
- Contributed to development of comprehensive Help Desk CRM System for efficient task assignment, call management, and workflow automation within IT operations. Implemented user role management, ticket generation, call forwarding with file attachments, and multi-object submission functionality.
- Technologies:** Java, Spring MVC, JSP, JavaScript, AJAX, Oracle Database, PL/SQL procedures for seamless data processing.
- HRMS (Modernization Project In Progress) – Virtual Galaxy Infotech Pvt. Ltd.** **Apr. 2025 – Present**
- Currently rebuilding HRMS application using modern tech stack with React.js frontend and Django backend to improve scalability and user experience. Implementing responsive UI components using Material-UI and Tailwind CSS for enhanced design.
- Technologies:** React.js, Python, Django Framework, Material-UI, Tailwind CSS, RESTful APIs.

EDUCATION:

- Bachelors in Computer Application (BCA)** **2019 – 2021**
Atal Bihari Vajpayee Vishwavidyalaya (ABVV), Bilaspur (C.G.)
Relevant Coursework: Data Structures & Algorithms, DBMS, Software Engineering, Operating Systems.
- High School in Mathematics** **2016 – 2017**
Lokmanya Tilak H. S. School Chakradhar nagar, Raigarh (C.G.)
